Subject: Credit Reference on CARE

To Whom It May Concern,

ROMIC Environmental Technologies Corporation has been meeting the environmental service needs of Carter Affiliates, Inc (CARE) for 18 years in transportation, treatment, storage, and disposal of their client's hazardous waste. During that time, CARE has maintained one of the best credit and payment records of clients we do business with. Their average monthly high has increased from the thousands of dollars to the high tens of thousand dollars. Cash flow is the most important aspect in business and CARE contributes to our business needs.

Please call me at 520-796-1040 if you have any further questions regarding the credit reliability of Carter Affiliates, Inc.

Sincerely,

A handwritten signature in black ink that reads 'Betty McKee'. The signature is written in a cursive, flowing style.

Betty McKee
Vice President/Controller
