To whom it may concern:

It has been my privilege to have known and worked closely with Mr. Richard Carter for the past ten years.

My affiliation with Mr. Carter was as a staff member to the Pima County local Emergency Planning Committee for the Superfund Amendment Reauthorization Act, Title III, Emergency Planning Community Right to Know Act, of which Mr. Carter held the position of "Vice-chairman".

It has been my experience that Mr. Carter is a person of great personal moral character and integrity. He has always been honest and forthright in all of his dealings with me and the Committee.

His dedication to his community, and willingness to endure great personal sacrifice to insure that it is a better place in which to live and raise a family serve as an outstanding example to all.

I have always found that Mr. Carter's word on any matter is his bond. No other is needed.

I have been involved in the public safety sphere of this community for the past thirty five years and have found that Mr. Carter enjoys an enviable professional reputation among his peers as well.

If you require any further expansion or clarification of Mr. Carters abilities or his personal integrity please feel free to contact me at any time.

Sincerely,

A handwritten signature in cursive script that reads "Michael O. Walsh".
